

The 2nd Annual SuperReturn China 2012

26 - 29 March 2012, Shangri-La Beijing Winning
Strategies For Maximising Successful Private Equity
& Venture Capital Investment In China

After the phenomenal success of the 2011 event, with over 400 delegates including 100 LPs, we will bring even more in-depth discussion and even more local and international LPs to Beijing in 2012.

- Special focus on GP strategy looking at how global, local and regional GPs tackle China and how skill sets are changing going forward
- The Chinese LP perspective is a critical part of the SuperReturn China programme, you will hear what the SWFs think of private equity investing and how they view their allocations going forward.
- The RMB Onshore Fund Structuring Workshop on 26 March is your chance to learn the latest developments in this hot arena.

The 2012 conference will feature the most pressing issues in the industry as well as only the very best LP & GP speakers. With the **increasing focus on China as THE country for private equity and venture capital opportunities**, there has never been a more important time to attend.
